

LRSP Status Report – June 2012

1.04 WH Technology Productivity SR 2012

Strategic Objective (SO):

1.04 Use technology to improve productivity and learning opportunities.

Topic of Strategic Objective (SO):

Technology

Department/School: Whittier Elementary

Leader: Building Principal & Whittier Technology Mentor

Team Members:

Whittier staff members

In a year, we hope to see the following progress on this strategic objective:

- A) All certified staff will demonstrate an understanding of and will have used digital technology to support student content area learning.
- B) All students will have used digital technology for various learning opportunities.

PROGRESS SUMMARY

All classroom teachers have direct access to a multimedia cart for instructional purposes. This consists of a projector, laptop and document camera. Approximately 90% of classroom teachers use Safari Montage to support content area standards. By the end of this school year, most, if not all classroom teachers will be in possession of an iPad to use for enhancing instruction, as well as to support learning activities.

All students/staff have access to both a mobile laptop cart and a NEO2 cart on a needs basis, through a shared calendar check-out system.

All students in grades 3-5 receive keyboarding instruction/practice for a minimum of 45 minutes/week. All staff have received training on Pearson Inform. All students in grade 5 completed a computer skills assessment.
