By the end of the school year, each certified staff member will complete their personalized professional development plan.

PROGRESS SUMMARY

Throughout the year, teachers were able to receive professional development during early release and staff meetings. All certified staff either created and completed an alternative professional development plan or attended a pre-approved workshop to fulfill their 12 hours.

We will continue to have professional development for our staff that is focused on our building and district goals. Certified staff will continue to have the opportunity to fulfill this professional development in the summer or throughout the school year.
