At least five specific examples of action steps 1 – 5.

PROGRESS SUMMARY

The District achieved its goal: four out of five action steps were completed, with several examples associated with each action step:

1. The district developed partnerships with organizations/entities, including Graduation Matters-Gallatin and the Early Childhood Community Council.
2. The Job Shadowing professional development experience for teachers was deemed successful and will continue for the 2012-13 school year.
3. Open Source materials were discussed at both Instructional Cabinet and District Tech Junkies.
4. The focus of Instructional Cabinet was not on the concept of “Flipping” the classroom, although it was a concept that received mention as this group of leaders discussed Quadrant D instruction.
5. District policies and procedures that support learning opportunities and academic advancement in non-traditional ways were reviewed, revised and also created, including the adoption of instructional materials, our Responsible Use Agreements, and the Social Networking policy.
