In a year, we hope to see the following progress on this strategic objective:

By June 2011, at least 88% of Irving's students will score P+ in our District's Writing Assessments.

PROGRESS SUMMARY

During the 2010-2011 school year, Irving's total school proficiency level in writing was 66%. This was the same score in the 2009-2010 school year. The break down of the grades are:

	2010	2011
K	77%	61% (Original Writing Sample)
1	66%	79% (Pilot Writing Sample)
2	56%	65% (Original Writing Sample)
3	48%	37% (Pilot Writing Sample)
4	73%	70% (Pilot Writing Sample)
5	71%	82% (Pilot Writing Sample)

Our team will meet this fall to analyze the data from this spring's writing sample. An initial thought on why there was not a growth in proficient scores this years could be due to the implementation of a pilot writing sample. In order to provide more support in writing, I have purchased Lucy Calkins writing materials for each grade level and have discussed with Irving's instructional coach on providing professional development in this area.
