In a year, we hope to see the following progress on this strategic objective:

1. To advance all students social studies achievement
2. To move students scoring at a Nearing Proficient level (NP), to a Proficiency Plus (P+) level

PROGRESS SUMMARY

At this time we are not able to assess student social studies proficiency level. The District Social Studies CLT completed the grade level social studies assessments in the spring, therefore there is no current data available as they have not been administered.

The Whittier Social Studies CLT representative on the District Social Studies CLT presented the new curriculum and worked on development of assessments at early release grade level meetings during the 2010 - 2011 school year.
