In a year, we hope to see the following progress on this strategic objective:

By June 2011, 100% of the Irving staff will understand the purpose, goals, and timeframe of BSD's new standard's based report card.

PROGRESS SUMMARY

During the 2010 - 2011 school year, Irving staff began the process to understand the purpose, goals, and timeframe of BSD's new standard's based report card. We started the year reading, reflecting, and discussing the Curriculum, Instruction, and Assessment (CIA) Committee's recommended articles at the fall staff meetings. But since the Common Core Standards have been introduced, and since there is a strong possibility that Montana will be adopting those standards, we have stopped reading the CIA articles and have used a couple spring staff meetings to discuss the Common Core Standards (What they are, how they will effect our district and school, and what we need to do as a staff to get prepared for it). Next year, we will continue to have staff development on the Common Core Standards and how it will direct us in the creation of a new standard's based report card.
