Department/School: Longfellow Elementary School

Leader: Principal

Team Members:

Instructional Coach, Teachers and Support Staff

In a year, we hope to see the following progress on this strategic objective:

Teachers and support staff at Longfellow will complete 3 PLC's focused around articles identified by the district

PROGRESS SUMMARY

Longfellow made significant progress toward understanding and embracing standards based instruction, assessment and reporting. Instructional Coach, Kim Quigley played a substantial role in this process. With the introduction of the Common Core Standards (CCS) and other adjustments within the district, Longfellow completed two of the three article discussion before shifting focus to CCS. Longfellow School staff grew in understanding and use of formative assessments. Common language regarding standards based instruction and assessment is system wide and capacity to implement is building. This goal will continue into the 2011-2012 school year.
