In a year, we hope to see the following progress on this strategic objective:

PROGRESS SUMMARY

Whittier had building representation on the District CIA CLT. Building representation kept the staff at Whittier informed of changes in the reporting procedures of student information to parents.

Whittier is implementing the new individualized Professional Development Planning tool for the 2011 - 2012 school year. Over half of the certified staff have developed summer individual plans focused on accessing the new Core Writing Curriculum and implementing Lucy Calkin's, Step Up to Writing, and Six Traits + 1 considerations in Writer's Workshop.

Approximately half of the teaching staff piloted the new Writing Assessment the district plans to adopt in the 2011 - 2012 school year.

The Whittier teachers read and discussed two articles in a Professional Learning Community format. They were "Rigor & Relevancy Framework" and an article about Professional Learning Communities, (PLC's).
